Summary

Versatile **Programmer & Full Stack Developer** with expertise in **Java, Python, and modern web technologies** like **React, Node.js, Express, and MongoDB**. Passionate about building **efficient, scalable, and user-friendly applications**, with hands-on experience developing projects like **ViharaYatra**, a dynamic travel website, and **FarmersBazaar**, an online marketplace for farmers. Skilled in **frontend and backend development, RESTful APIs, authentication, and database management**. Dedicated to **problem-solving, clean code, and continuous learning** to deliver high-quality software solutions.

Technical Skills

Programming Languages: Java,Python

Full Stack Development: HTML, CSS, JavaScript, React, Node.js, Express.

Tools: Git, VS Code, IntelliJ IDE

Projects

FarmersBazaar   *github* ☒

- Developed **FarmersBazaar**, an online marketplace enabling farmers to **sell their produce directly to consumers**, reducing middlemen and ensuring fair pricing. Implemented **a user-friendly interface**, secure authentication, real-time product listings, and an efficient order management system.
- Implemented **real-time product updates**, allowing farmers to **add, edit, and remove listings dynamically** while enabling consumers to **browse, filter, and purchase products easily**. Developed a **responsive UI** for smooth navigation across devices, ensuring accessibility.Optimized API endpoints and database queries to handle **high user traffic** and improve response times.
- Tools Used: ReactJS,MongoDB

ViharaYatra   *github* ☒

- Developed **ViharaYatra**, a dynamic and user-friendly **travel website** designed to help users explore various destinations with ease. Implemented **responsive design** for seamless accessibility across devices. Optimized the website for **fast loading speeds, smooth navigation, and SEO-friendly structure** to improve visibility.
- Added **smooth scrolling, animations, and hover effects** to enhance interactivity. Focused on **clean, maintainable code and performance optimizations**, ensuring a seamless and visually appealing experience.
- Tools Used: HTML,CSS,JS

Experience

FullStack Intern   *May 2024 – Jul 2024*
Technical Hub

- Developed and maintained **web applications** using **React, Node.js, Express, and MongoDB**.
- Collaborated with a team using **Git/GitHub** for version control and **Agile methodologies** for project management.
- Built and optimized **RESTful APIs** for seamless communication between frontend and backend.
- Conducted **testing and debugging** to ensure optimal performance and user experience.

Certifications

- IT Specialist - Java
- Azure: AI Fundamentals
- Spring Boot and Angular Stack
- Introduction to NLP

Education

Aditya College Of Engineering and technology   *Nov 2022 – May 2026*
Bachelor of Technology in Artificial Intelligence and machine Learning

- CGPA: 7.35/10.0
- **Coursework:** Artificial Intelligence,Machine Learning Algorithms and Deep Learning

Elite Junior College   *Dec 2020 – May 2022*
Intermediate (MPC)

- Marks:876/1000
- **Coursework:** Maths,Physics and Chemistry
